

Equine Gait Analysis Society Annual Event

Utrecht University, The Netherlands
15.11.2024

Updates, lectures and demo's on equine quantitative gait analysis

Time	Content	Speaker/instructor
08.30	<i>Welcome with coffee</i>	
09.00	<i>Introduction, content and aim of today</i>	Filipe Serra Bragança EGAS
09.15	<i>Clinical application of the EquiGait system</i>	Thilo Pfau University of Calgary, Canada Founder of the EquiGait system
10.00	<i>Clinical application of Alogo - the MovePro</i>	David Deillon Switzerland Founder of Alogo
10.30	<i>Quantitative gait analysis technologies: what's new?</i>	Thilo Pfau University of Calgary, Canada Founder of the EquiGait system
11.00	<i>Coffee break</i>	
11.15	<i>sEMG and AMG; opportunities and challenges for the clinician</i>	Ineke Smit Utrecht University, The Netherlands
12.00	<i>Latest insights around the quantification of flexion tests</i>	Marijke Jonkhart Utrecht University, The Netherlands
12.30	<i>Lunch break</i>	
13.30	<i>Abstract presentations</i>	EGAS members and participants
14.30	<i>Revalidation of equine patients; how can you quantify your therapy and results?</i>	Russell Mckechnie-Guire Hartpury University, U.K. Founder of Centaur Biomechanics

15.15	Coffee break	
15.30	Quantification of the horse - saddle - rider interaction; what is clinically applicable?	Russell Mckechnie-Guire Hartpury University, U.K. Founder of Centaur Biomechanics
16.30	DEMO Visual assessment of equine locomotion examinations; what can we learn from eye tracking technologies?	Sanne van Zalen Utrecht University, The Netherlands
17.30	DEMO Measuring spinal kinematics with the EquiGait system	Thilo Pfau University of Calgary, Canada Founder of the EquiGait system
18.30	Drinks & Bites & Fun	
21.00	End of the EGAS Annual Event 2024
